

# Advanced Practice Physiotherapy Professional Network (APPN) 2018 to 2021

## Our Vision

To be the influential leader of advanced practice physiotherapy development in the United Kingdom (UK)

## Our Mission

Connecting and supporting advanced practice physiotherapy across the UK, safely exploring emerging healthcare horizons and enhancing person-centred care through clinical excellence

## Our Values

- Professional
- High Quality
- Equitable
- Evidence Focused
- Person-Centred
- Safe
- Transformative
- Connective
- Engaging
- Advocacy
- Clinical Expertise

## Our Behaviours

- To act as professional role models
- To adopt a contemporary perspective
- To work within and expand the scope of practice of individual physiotherapists and the physiotherapy profession safely
- To engage with innovation processes
- To maintain and enhance continuing professional development
- To act as advanced practice physiotherapy advocates for service users and other health and social care professionals

## Our Ambitions

- More service users, where appropriate, have access to Advanced Practice Physiotherapy Services underpinned by a recognised and uniform robust supporting infrastructure
- Improve public awareness of the benefits of advanced practice physiotherapy
- Increase health and social care decision makers understanding of the benefits of advanced practice physiotherapy as a cost effective solution to deliver their key priorities
- More advanced practice physiotherapy job opportunities that are appropriately rewarded
- Engage with emerging multi-professional advance practice frameworks e.g. Government and associated agencies, regulatory and professional bodies
